

SUMMARY INFORMATION

- Name of applicant/host organisation
- Please describe your funding application in no more than 25 words. Please note that this text is particularly important. It should be a clear summary and if your application is successful, it will appear in Burdett's published material.
- What is the total cost of the project?
- How much is being requested from the Burdett Trust?

ORGANISATION AND CONTACT DETAILS

- Organisation and Contact Details
- Department (if applicable)
- Organisation address
- Organisation's telephone number
- Organisation's website address
- What is the legal status of the organisation i.e., registered charity, NHS Trust etc.
- In what year was the organisation or if applicable, the department formed?
- Briefly describe the aims, objectives and activities of the organisation or department. Please include average patient numbers (maximum 2,100 characters including spaces)
- In broad terms which geographic area is served by the organisation? (maximum 350 characters including spaces)
- Lead contact name and details (the lead contact is the person responsible and accountable for the project proposal)
- Lead contact's role within the organisation
- Lead contact's email address

YOUR PROPOSAL

- Which cohort area of digital health innovation does the proposed project best fit into?
 - Cohort 1 - data and analytics to measure and improve nursing practice and nurse led interventions.
 - Cohort 2 - leadership development for digital nurses and associated professional standards.
 - Cohort 3 - patient centred digital health improvement projects.
- What is the geographic target area for this particular project? (maximum 350 characters including spaces)
- Please state clearly the aims and objectives of the project and provide an account of the methods, type and sequence of activities you intend to use to deliver them. If the project involves the development of any digital technology, we will expect to see high levels of engagement of your technology team and an explanation of how this fits with your organisation's digital strategy. (maximum 4,000 characters including spaces)
- Explain how this fits within this grant programme (maximum 2,100 characters including spaces)
- Please explain the background, context and rationale for the project, citing relevant local circumstances and drivers and/or policy and literature (maximum 2,100 characters including spaces)
- Please explain clearly how the project will empower nurses and confirm that your project will be nurse-led (maximum 2,100 characters including spaces)
- Please state the anticipated outcomes of the project and explain how these will be measured and sustained over time (maximum 2,100 characters including spaces)
- Please explain how your project will use and take advantage of new technologies (maximum 2,100 characters including spaces)
- What arrangements will be in place for project oversight and management? e.g., steering groups and/or any external advice or independent scrutiny of the project? Include here partnership working arrangements (maximum 2,100 characters including spaces)
- How does your proposed project demonstrate patient-centred care and engagement and what benefits do you anticipate? (maximum 2,100 characters including spaces)
- Does your project offer an interprofessional approach and if so, please explain how (maximum 2,100 characters including spaces)
- How will the learning and outcomes from the project be disseminated to others (maximum 2,100 characters including spaces)

- What is the start date for your project? (maximum 30 characters including spaces)
- What is the duration/timetable for the project? (maximum 60 characters including spaces)

FINANCIAL INFORMATION

Please explain the full cost of the project to your organisation. Please note that the Trust does not fund on a full economic cost basis (maximum 2,100 characters including spaces)

Please explain the sum you are requesting from the Trust and which 'directly incurred costs' this will cover (maximum 2,100 characters including spaces)

What other funding applications have been made for this project and what is their current status (maximum 2,100 characters including spaces)

Please attach a project budget
